* Poetry is the kind of literature in which imagination, emotion, uncreation.

What is Poetry?

* It is not easy to answer the question "What is poetry?"

* Poetry cannot be defined by its form by the presence of rhyme. We can find poetry, which is not written, in the conventional form with capital letters in the beginning or or lines of uniform length. Rhyme is not considered very important. There is no specific subject matter for poetry anything is subject for poetry.

* Many poets and critics have given definitions of poetry according to their experience and practice.
