THINK QUEST '19 - 27.09.2019

"The Disruptive Technology leads the world. Students must enter into knowledge Society, so that they can survive in this disruptive technology. It is possible only by critical, logical and computational thinking. The attitude of asking of how, why and what questions for each problem enables the students to think critically. Logical thinking is attained by learning data structures and algorithms.When using apps and technology they should know about the concepts, software and implementation of it. To Share the knowledge, Students must interact with others and learn to use existing network to introduce new products using IT without human intervention(IOT). To improve economic conditions of our country, students innovate new products and become an entrepreneur. So the basic requirement for this is Creativity, Critical and Computation Thinking, Communication and Collaboration" said Dr.S.Arumuga Perumal, Head, Department of Computer Science, S.T.Hindu College, Nagercoil during his valedictory address on the occasion of Think Quest 2019 an Inter Collegiate Competition organized by the Post Graduate Department of Computer Science on 27.09.2019. He further opined that the students have plenty of opportunities and skills in various sectors like IOT, Mobile Apps Development, Block Chain etc which they have never dreamed off. The students should imagine the kind of impact they are going to make in the society. We should inspire others and the Nehru Memorial College is providing best platform to horn your skills. You should mouldyourself and should explore the world of knowledge which will help you to climb up in the ladder of your carrier.

More than 100 students were participated in various colleges including Jamal Mohamed College, Bishop Heber College, Holy cross College, MIET college of arts and Science, Meenakshi Ramasamy College, Imayam College, and Paavai College of Arts and Science, Swamy dhayanantha college karaikkudi , Government College of Arts and Science for Women, Pudukkottai and Alagappa University. Earlier the programme was inaugurated by Principal Dr.A R Ponperiasamy and the facultymembers of Computer Science Department.
