

Action Taken Report for UG & PG programmes

Suitable remedial actions were taken based on the feedbacks obtained from Students, Parents, Alumni and Staff members.

Part -I NMEC-I Title “**Economics of Infrastructure**” is indispensable in this modern age aptly termed as the “age of planning”. Governments around the world are constantly implementing statistics to improve economic developments wages, pricing of items, time series analysis, demand analysis, production control, business development, and growth analysis. Everything is depend on economic infrastructure

Part -IV NMEC-II Title “**Analysis of Indian Economy**” Economist use statistics, mathematical analysis and economic theory to conduct studies concerning such issues as unemployment, inflation, industrial productivity, farm policies and international trade.

The core course title with “**Agricultural Economics**” students can also specialize in agricultural economics to enhance their skills. They can apt for rural policy, resource economics, agri business management, farm management, rural development policy, macro economics and trade

Based on the students feedback the new syllabus for all the courses modified with existing one.

More thrust is given for the students to actively engage themselves in the practical with **Computer Application in Economics**.
