Feedback analysis and action taken report

Students' Feedback

Students want their syllabus to help them in attending competitive examinations like TRB, TET. The syllabus is designed in such a way that it makes them develop their communication skills. Communication skill is the foremost element, which is required in every sphere of life. The syllabus not only teaches the way to career, but also leads them for entrepreneur. The themes and subject matter in the lessons challenge them to lead a successful living. In other words, every core course gives them a great impact when they study it. Core courses instil in them to get a job in Industries and Teaching.

Parents' Feedback

The parents are of the opinion that they find a dramatic change in their life studying this degree course. They find their children successful in their lives. They make their choices of career at the end of the course. They understand that life-changing ideas are abundant in this study.

Alumni's feedback

Alumni opine that they need to be given training while they study the course. They say that they have enough exposure to literature. Training from R& D can be a feather in their cap. They feel that this course is not only a course for living, but also it is instrumental in changing their lives. Students want to reduce the syllabus content and asked to introduce job oriented course.

Feedback of Staff members

This course gives them several avenues for the enrichment of life. The economy of the students can really be booming. Problems in life are numerous. This study makes the students encounter life with courage and perseverance.
