

## DEPARTMENT OF CHEMISTRY

### ANALYSIS OF FEEDBACK ON CURRICULUM FOR

#### UG AND PG PROGRAMMES

##### Students Feedback

Students want to increase the syllabus content for certain courses and conduct certificate courses for employment opportunities. Undergraduate students are asking to conduct coaching classes for JAM examination. PG students are asking to include UGC-CSIR syllabus in the curriculum. They are expecting to include recent advancements in their courses.

##### Parent's feedback

The parents expect the children should be knowledgeable and skillful to get employment. Expecting their wards to participate in seminar/workshop/inter-collegiate competitions and also asking for more campus recruitments.

##### Alumni Feedback

Alumni feedback is used to improve the curriculum. They have intimate knowledge of the program and also have experience in industry. The alumni of the department expect the following to be implemented in the subsequent academic year.

- Alumni suggest the department to conduct coaching classes for CSIR (PG), UG (JAM) examination.
- Alumni suggested to the students to study Diploma courses related to chemical industry and it gives more employment opportunities.

##### Feedback of subject expert

Experts were suggested to introduce more number of skill-based courses for undergraduate students. They also suggested to arrange industrial visits to the students. They recommend to introduce more practicals related to industry, internships and PG students do the project in industry.
